

Offshore Sourcing

Capabilities for an array of products.
What ever you need, we can provide!

Plastic Parts

We can design up your tooling from the most basic drawing and render the part in various materials.

Bearings and Springs

Wide array of bearings in various sizes and classifications. Custom springs made to your specific requirements.

PC Boards

From start to finish, we can help you through engineering to final production boards. We can do from the simplest analog board to micro processor based boards.

Aluminum Cans

Large production of containers with various specifications, such as medical aluminium pots, pesticide aluminium bottles, simple extinguisher aluminium pots, and drinking aluminium bottles.

Machine Parts

We can provide anything your design calls for, from arbors, springs & bearings, to the most complicated sub assemblies and complete turn key systems.

T & C Asia has been providing its customers with high quality electromechanical devices since 1987.

Backed by 20 years of experience, we have serviced various industries from motors used in medical exercise equipment to vending machines. Our strong engineering background allows us to aid our customers with design and selection of products minimizing the development time.

T & C Asia's dependable global supply has been critical to the profitability and long-term growth of many US Manufacturers. T & C Asia is not a trading company - we are not a middleman. We put you directly in contact with the manufacturer leaving little room for error.

There are numerous providers around, but few can offer the product knowledge, customer service and attention to detail that T & C Asia delivers.
